

Talking Baby: How to Help Your Child Discover Language (Paperback)

By Margaret Maclagan, Anne Buckley

Finch Publishing, Australia, 2016. Paperback. Book Condition: New. 209 x 149 mm. Language: English . Brand New Book. This book takes a child-led approach to encouraging language development. We hope you enjoy discovering more about how language grows and ways you can choose to nourish its development in your child. The main focus in this book is on babies and young children. As it s useful to see the progression of language development throughout all the preschool years, we ve included milestones up to age five. But do remember that individual children will progress through these stages at different rates. By school age your child will: , *speak your language and have a working vocabulary of up to 5,000 words. , *complete complex sentences, describing their world and instructing those in it! , *produce almost every sound in their language reasonably correctly. , *be ready to learn new and abstract ideas through their own and others use of language , *be ready to learn to represent language through written words (reading and writing) , *be ready to learn maths The development of language through the preschool years is a remarkable journey. But it is not one that your child will...
