*Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Stencils are provided throughout the book where applicable, and galleries at the end of each chapter showcase an inspirational selection of finished projects, highlighting the fantastic results that can be achieved with different craft techniques. Standing apart from the other baby craft project books, Handmade for Baby is unique in its handy organization of projects into the following chapters or stages: Pregnancy announcement; Preparation; Baby Shower; New Arrival; First Month, and First Birthday. Original and inventive ideas are suggested for each stage, from wall stencils and themed bunting for the nursery (preparation) to baby handprint party invites (first birthday).
