John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, The Deviant Apparition, S. K. Webb, Who is the strange woman, and what is it about her that both attracts and worries James? Suddenly in over his head, James is horrified to discover the woman seems to be, quite literally, living in the past! He goes along with her apparent madness until he realises that a spate of other, seemingly impossible, happenings are now occurring around the world, practically each minute. Swept up in her deeds, from the tragic to the heroic, James has to battle the world media and the British security services. Meanwhile, a Cambridge physics professor goes public with his bold pronouncement of what we can do to stop the bizarre events from happening and, in the process, communicating wisdom and advice that will forever change the way we look at ourselves, at others, and at the very universe of which we are part. Science has finally proven things that were previously considered beyond its remit. Weaving strands of real life quantum physics findings with spirituality forms the elaborate setpiece for this warmspirited, fastmoving mystery, epic in scope and profound in spiritual significance.
